

# On making an Academic Presentation

How to generate your ideas and organize your thoughts?

1. **The “6W + 1F” Inquiry Method**
  - what, where, when, why, how, how much, if
2. **A Multi-Dimensional Analysis Approach**
  - Problem analysis
  - Consequence analysis
  - Cause analysis
  - Intervention analysis
  - Change analysis

(What?)

(Why?)

Causes  
analysis

Topic /  
Problem/  
Phenomenon  
analysis

Consequences  
analysis

(If, What?)

Intervention  
analysis

Objective /  
Change  
analysis

(How?)

(How much?)

(What?)
